

## ABOUT US

The NCCT is a collaboration between North Coast donors, artists, cultural organizations and community groups and is administered by the Humboldt Area Foundation. Developed by artists and community leaders in 1997, the NCCT houses over 30 donor advised, scholarship and arts agency endowment funds and offers an annual Project Grants to Artists program. The NCCT funds provide a stable, flexible and purposeful endowment for the arts and humanities in Humboldt County. Project Grants to Artists affirm the vital and complex roles artists play on the North Coast by supporting art of the highest quality, community engagement and cultural experiences that enhance life on the North Coast.

Here on our website, you can find current arts grant opportunities, read about past grantees, view a list of the component NCCT funds and learn about ways to support the arts of the North Coast. For more information, please visit [FAQS](#) or [contact us](#).
